The fastest way to connect with your GP practice

Ask your healthcare question easily

Chat with your GP practice without long waits on the phone.

Personal contact with your GP practice

Your question goes directly to your own GP practice, where the team has access to your medical record.

Often without visiting the practice

Many questions can be answered through Uw Zorg Chat. If you need an appointment at the practice, one will of course be arranged.

LOG IN SECURELY WITH DIGID

Your medical information is personal. That is why Uw Zorg Chat uses DigiD to securely verify your identity.

DON'T HAVE A DIGID YET?

Apply for a DigiD at DigiD.nl and follow the steps to activate it. Uw Zorg Chat works best when you use the DigiD app.

DigiD

ARE YOU FROM ABROAD?

You can only use Uw Zorg Chat if you have a DigiD. To have a DigiD, you need a Dutch citizen service number (BSN).

NEED HELP WITH DIGID?

You can get help with DigiD and other digital services at an Information Point for Digital Government (Informatiepunt Digitale Overheid). These information points can be found at many local libraries.

Uw Zorg Chat

Get started with Uw Zorg Chat. Create your account in five simple steps.

1 Download the app

Download Uw Zorg Chat from the App Store or Google Play.

iOS

Android

2 Select your GP practice

Open the app, select your GP practice and choose 'Create an account' the first time you use the app.

3 Confirm your identity with DigiD

Log in securely with your DigiD, preferably using the DigiD app on your phone, and follow the instructions on the screen.

4 Enter your details

Accept the terms and conditions and select 'Create account'. You only need to do this the first time you log in.

5 Ready to use

Your account has been created and Uw Zorg Chat is ready to use. From now on, select 'Log in with DigiD' on the home screen.

Safe. Trusted. Easy.
